PRESS RELEASE: For Immediate Release

Data Innovations Releases EP Evaluator 11.3

Burlington, VT - January 15, 2016 - Data Innovations announces the release of EP Evaluator® Release 11.3, the market leading quality assurance software. The new version EP Evaluator has been extensively enhanced and tested based on customer feedback and the latest regulatory requirements. EP Evaluator 11.3 has updated the 2IC module to be compliant with the CLSI document EP26-A.

Further enhancements to EP Evaluator 11.3 may be read in the release notes, linked below.

If you are a registered user, click here to download and install the latest version and get up to date documentation and the manual.

For more information on the enhancements to EP Evaluator you can click here to review the release notes, visit ee.datainnovations.com or contact our regional Sales & Marketing Departments.
